

Research Boat Permission

To be completed by parents and returned to the teacher

Dear Parent/Guardian,

Your child is participating with Great Basin Outdoor School at Lake Tahoe which plans to attend an educational field trip with Marine Research & Education, Inc. The program includes an on-the-water class aboard the *Prophet*, a 45' Coast Guard-approved research vessel, and another lesson on the beach. Through this experience children learn about the ecology, geology, and conservation of Lake Tahoe.

Liability insurance is provided by Tahoe Sportfishing, owner of the "Prophet". This insurance is afforded to your child for only the period during which your child is aboard the vessel. Great Basin Outdoor School carries insurance to cover students during the rest of the program. All students are required to wear life vests while on board the vessel.

Please provide the information requested below for your child, sign, date, and return to the teacher.

Thank you.

Kathy Champion

Program Manager

Marine Research & Education, Inc.

My child, _____, has my permission to attend the environmental educational class with Marine Research & Education on the following date: ___/___/___ (usually the third day of GBOS field trip)
